1. PURPOSE

East Gippsland Shire Council has the responsibility to enforce the provisions of a wide range of legislation providing for the safety, health and amenity of the community.

This policy will provide a framework for the sustainable use and management of our roads, road related areas and public spaces (RRAPS). It will facilitate footpath trade which does not obstruct pedestrian access or create an unsafe or unsightly environment within the East Gippsland Shire. Compliance with this framework will contribute to the ambiance and vitality of public areas.

2. POLICY STATEMENT

Having regard to Council's responsibilities and feedback received from the community, the following principles apply: -

- (a) Council will ensure the provision of clear, safe and unobstructed access for all users along the Shire's RRAPS in accordance with Council's statutory responsibilities;
- (b) Educate traders regarding relevant legislation in order to ensure compliance.
- (c) Council will support the long-term viability and sustainability of retail business.

For the Policy to be effective, Council has a permit system in place to standardise the placement of items on RRAPS, for example, tables and chairs, "A" frame signs, product displays, clothing racks, etc.

Council's *General Local Law 2011* section 52 prohibits the placement of items on RRAPS unless a permit has been issued. The permit allows for the placement of items on the area provided business operators supply evidence of current public liability insurance with their application and comply with the conditions of use.

An approved permit grants limited rights to business operators to place items on the road and to use public space for business and commercial purposes. The permit may specify conditions such as hours of use, period of permit and type of items to be placed.

Council reserves the right to withdraw the permit should the public space be required for any other purpose and/or if conditions of use are not being adhered to.

It is anticipated that in some circumstances, eg narrow footpaths, Council may not be in a position to issue a permit.

The permit period will normally be twelve months from 1 July and renewed annually. New applications will also expire on 30 June. Pro-rata payments may be considered.

3. RESPONSIBILITY FOR IMPLEMENTATION AND COMPLIANCE
