1. Purpose

Council is required under section 186 of the *Local Government Act 1989* (the Act) to prepare, approve and comply with a Procurement Policy. In accordance with the Act, this Procurement Policy sets out the key principles, processes and procedures applied to the purchases of **Goods, Services or Works** by Council.

The purpose of this Procurement Policy is to:

- provide a framework that seeks to achieve best value through consistent, competitive and transparent processes;
- achieve compliance with relevant legislative requirements;
- minimise and manage risks in procurement; and
- prioritise, where practical, the procurement of locally sourced goods, services and works.

2. Scope of Policy

This policy applies to all procurement activities undertaken by Council and is binding upon **Councillors, Council officers**, contractors and consultants while engaged by Council. This Procurement Policy does not cover contract management activities.

3. Policy Statement

Council is committed to the effective procurement of Goods, Services and Works through adopting best practice principles, policies and procedures. It is recognised this will support the achievement of Council objectives about sustainable and socially responsible procurement, support for the local economy and obtaining **Value for Money**, which in turn, will lead to a better outcome for Council in the provision of services for the community.

Councillors, Council officers, contractors and consultants while engaged by Council are required to comply with this Procurement Policy and Council's Procurement Procedure in all circumstances.

3.1 Treatment of GST

All monetary values stated in the Policy include GST except where specifically stated otherwise.

3.2 Value for Money

The principle of Value for Money underpins Council's procurement function. It is the achievement of a desired procurement outcome at the best possible price, not necessarily the lowest price, based on a set list of financial and non-financial criteria relevant to the procurement. It is a common, internationally recognised method for benchmarking expenditure to achieve policy objectives. Value for Money considers the total cost of procurement from planning to disposal and everything in between. This is commonly known as total cost of ownership.

Value for Money will be facilitated by:

- developing, implementing and managing procurement frameworks that support the co-ordination and streamlining of activities throughout the lifecycle;
- development, implementation and management of a procurement strategy to encourage and facilitate procurement that supports and stimulates the local economy;
- effective use of competition;
- using aggregated contracts where appropriate;
- identifying and rectifying inefficiencies in procurement processes;
- developing cost efficient **Tender** processes including appropriate use of e-solutions;
- working with suppliers to create relationships that are professional and productive.

3.3 Conduct of Councillors and Council Officers

Council officers must exercise the highest standards of integrity in a manner able to withstand the closest possible scrutiny. In accordance with section 95 of the Act, Council officers have an overriding responsibility to act impartially and with integrity, avoiding conflicts of interest.

Councillors and Council officers, must:

- at all times avoid situations in which private interests conflict, or might reasonably be thought to conflict, or have the potential to conflict, with their Council duties;
- not participate in any action or matter associated with the arrangement of a Tender or contract (i.e. evaluation, negotiation, recommendation, or approval) where that person has a direct or indirect conflict as defined by the Act;
- becoming aware of a conflict, promptly declare the direct or indirect **Conflict of Interest** to the procurement team, or in the case of councillors declaring a conflict to the Mayor or the Committee Chair, depending on whether the matter is to be considered by Council or an Assembly of Councillors, as well as the Chief Executive Officer.

Councillors cannot participate in any aspect of the procurement process unless acting in the capacity of Council at a formally constituted Council meeting to consider the awarding of a contract.

3.4 Gifts and Hospitality

Councillors and Council officers must not, either directly or indirectly, solicit or accept gifts or hospitality from any member of the public where:

- it is made during a procurement or tender process by a person or organisation involved in the process; and
- acceptance could be perceived as endorsement of a Good, Service or Work; or
- acceptance could be seen to advantage the member of the public in future procurement decisions.

3.5 Accountability and Transparency

Accountability in procurement means being able to explain and provide evidence on the process followed to procure the goods, services or works. The test of accountability is that an independent third party must be able to see clearly that a process has been followed and that the process is fair and reasonable.

All procurement activities must be in accordance with the Act, this Procurement Policy, Council's Procurement Procedure and relevant Council policies and procedures.

3.6 Fair and Honest Dealings

Council is committed to providing equal opportunity for all businesses, irrespective of their size and location, to bid for work through open and transparent market processes. Impartiality is to be maintained throughout the procurement process so it can eliminate the prospect of any bias in decisions and withstand public scrutiny.

3.7 Fraud and Corruption Control

Council takes allegations of fraudulent activity and corrupt conduct seriously. Council is committed to preventing, deterring and reporting corrupt and fraudulent behaviour. Council has developed a Fraud and Corruption Control Policy which provides a framework for preventing the risk of fraud and strengthening organisational integrity.

3.8 Disclosure of Information

The commercial interests of existing and potential suppliers must be protected. Confidentiality of information provided by existing and prospective suppliers must be maintained, particularly commercially sensitive material such as, but not limited to prices, discounts, rebates, profit, manufacturing, intellectual property and product information.

At no stage should councillors or Council officers have discussions with potential suppliers about active procurements prior to the approval process being finalised, other than authorised procurement negotiations. Councillors and Council officers should take care that their duty to consider issues fairly and properly is not compromised by participating in discussions with suppliers where the intent of the supplier is to influence the decision-making of a councillor or Council officer in procurement related matters.

3.9 Financial Delegations and Authorisations

Delegations define the limitations within which individual Council officers are permitted to work. Delegation of procurement authority allows specified Council officers to approve certain purchases, quotations, Tender and contractual processes without referral to Council. This enables the organisation to conduct procurement activities in an efficient and timely manner while maintaining transparency and integrity.

3.10 Matters not Delegated to Council Officers

Tender recommendations and contract approvals for all expenditure over \$250,000 including GST must be approved by Council.

3.11 Expenditure thresholds

Procurement Value (Including GST)	Market Engagement Minimum Requirement - (*exemptions apply)	Agreement Council Contract	Record Keeping Requirements
\$0 to \$2,000	One (1) verbal quote	Not Required	Receipt of purchase.
\$2,001 to \$10,000	Two (2) verbal quotes	Not Required	Verbal Quote Form must be stored in the financial system.
\$10,001 to \$50,000	Two (2) written quotes	Not Required	Records of quotes and Written Quote Form (50k) must be stored in the financial system.
\$50,001 to \$100,000	Three (3) written quotes	Required for strategic procurement	Records of quotes and Written Quote Form (100k) must be stored in the financial system.
\$100,001 to \$150,000 (Goods and Services) or \$200,000 (Works)	Public Request for Quote (RFQ) (In partnership with the Procurement Team)	Required	In accordance with the Procurement Procedure
More than \$150,000 (Goods and Services) or \$200,000 (Works)	Public Request for Tender (RFT) (In partnership with the Procurement Team)	Required	In accordance with the Procurement Procedure

3.12 Exemptions from thresholds

An exemption to the procurement levels and procedures detailed in section 3.11 above may be requested under the following circumstances:

- in matters of **Emergency** including public health, security or safety as a result of an unforeseen event or occurrence (see also section 3.12.1 below);
- where a competitive process has been undertaken in line with the requirements of S186 of the Local Government Act 1989 through third party organisations e.g. MAV Procurement, Procurement Australia, State Government;
- installations where a change in supplier would necessitate the procurement of goods and services that do not meet the requirements for interoperability or interchangeability; and
- an absence of competition for technical reasons.

3.12.1 Exemptions from thresholds - Emergencies

Circumstances under which procurement may be undertaken under this clause are as follows:

- an Emergency exists as defined by the *Emergency Management Act 1986* (see Section 7 - Definitions); and
- the Chief Executive Officer has declared in writing that an Emergency exists; and the Chief Executive Officer is satisfied that procurement needs to be undertaken immediately.

Situations where this might occur include:

- during the period where a natural disaster has been declared such as flooding, bushfire or epidemic that may require the immediate procurement of goods, services or works to provide relief;
- the occurrence of an event such as flooding or fire at a Council property which may require the immediate procurement of goods, services or works to ensure business continuity;
- the unforeseen cessation of trading of a core service provider to Council resulting in a need to appoint a replacement service provider on the grounds of public safety;
- an unforeseen event which impacts heavily and unsustainably on Council's level of service to the community and represents an immediate risk to health or safety; or
- any other situation which may constitute a risk to health, life or property.

Procurement made under the Emergency provisions must be in accordance with Council's Financial Delegations and be limited in scope to what is necessary to deal with the immediate emergency.

The Emergency provision must not be used for new or extended works and services after the need for an Emergency response has passed. Immediately the Chief Executive Officer declares that an Emergency no longer exists, the use of this power ceases.

3.13 Risk Management

Appropriate risk management is to be applied at all stages of procurement activities. This must be properly planned and carried out in a manner that will protect and enhance Council's capability to prevent, withstand and recover from interruption to the supply of Goods, Services or Works. Council's risk exposure will be minimised by measures such as:

- standardisation of contracts including necessary and relevant clauses;
- requiring security deposits where appropriate;
- referring specifications to relevant industry experts;
- contracts must be fully executed before acceptance of the good or prior to the commencement of the service or work; and

- use of or reference to relevant Australian Standards (or equivalent).

3.14 Competition and Consumer Act Compliance

Council will comply with the *Competition and Consumer Act 2010* and other fair-trading legislation applicable to its operations. Council is committed to the public policy goals embodied by these laws, which include the protection and promotion of competition.

Council is committed to ensuring staff are informed of their obligations arising under competition and consumer legislation, and to not allow the following to occur:

- restrictive trade practices (including price fixing and exclusionary provisions relating to a division of territories)
- market sharing (including allocation of customers), anti-competitive agreements, exclusive dealing and misuse of market power
- inaccurate communication or promotion (including misleading or deceptive conduct, false claims and unsubstantiated predictions); and
- unconscionable and / or unfair business practices.

3.15 Determining the appropriate method of Procurement

Council's standard methods for purchasing goods, services and works are:

- corporate credit card;
- purchase order following a quotation process undertaken with suppliers for goods, services or works that represents Value for Money under directed quotation thresholds (refer to section 3.11 for more information);
- under contract following a request for quotation or request for Tender process or;
- using aggregated purchasing arrangements with other Councils or other bodies such as MAV Procurement, Procurement Australia, Victorian Government (e.g. State Purchasing Contracts, Whole of Government Contracts);

3.16 Ministerial Approval

The requirements of section 186 of the Act do not apply if a contract is entered into in accordance with arrangements approved by the Minister.

3.17 Supplier Register

The Supplier Register is a Council registry for suppliers to register their interest in supplying Goods, Services and Works to Council. Registration does not guarantee business with Council but is an indication of interest in working with Council and a registration of an interested organisation's details.

The registry assists Council officers when obtaining quotes and provides a channel through which Council officers can communicate future procurement opportunities to suppliers.

3.18 Support for Local Content

Council will include in its Tender process a mandatory weighting of five (5) percent for **Local Content** when engaging and contracting with suppliers. This is to acknowledge the suppliers whose activities contribute to the financial, social and environmental wellbeing of the region.
