

## WHO ARE WE?

Gippsland Farmer Relief Incorporated is a community run group providing practical assistance to family farms in Gippsland.

We are raising funds to structure support services and supplying food hampers on a regular basis to assist and ease the burden of running their home and their family owned farms.

Funds raised are allocated to farmers to reduce financial strain on their households and farms on an as needs basis. The more family farms that remain operational, the better ongoing food security for Australia will be ensured.

Farmers are currently in financial and emotional distress and need assistance as soon as possible to ensure their sustainability.

Gippsland Farmer Relief Incorporated (GFR Inc.) is passionate about helping our dairy farmers survive the current financial crises they are facing. -

GFR Inc. is thankful for all support received and know that our farmers appreciate others caring for their plight.
