Lindenow-Glenaladale Road Bridge Replacement Project Update

For immediate release — 23 November 2016

Council has returned to 'business as usual' and the Lindenow-Glenaladale Road Bridge replacement tender process closed on 26 October.

At present, the tender responses are being evaluated and a report will be tabled at the 13 December Council meeting. There will be a recommendation to award the contract to the preferred tenderer, and the outcome will be in the hands of Council to determine.

Our next project update will inform the community of the:

- Details of the successful contractor;
- Timelines for the closure of the bridge;
- Details of upcoming powerline works - to be completed by Ausnet at the bridge site in December; and
- Dates for a community meeting in early 2017.

How can you stay informed?

Register for Council's engagement portal, where you can read the Shire's news updates and frequently asked questions or ask a question of your own:
