

# RESPECT OUR COMMUNITY

Don't drink or carry opened alcohol on streets, beaches or in parks. If you do, you risk a fine from Police.

Local Laws are in place to ensure we can preserve the amenity in our communities and protect the quality of life of our residents and visitors.

Most towns within the East Gippsland Shire have designated 'Alcohol-free Zones'. Alcohol consumption is banned in these areas at all times.

Each New Year's Eve, alcohol consumption is banned in all public places between sunset on **31 December** and sunrise on **1 January**.
